Hudson's Bay Company.

CARNIVAL QUEEN CROWNED (cont. from p. 1)

Mr. and Mrs. Heyland, Mr. and Mrs. Mac McLean, Mr. and Mrs. A. Andersen, Mr. and Mrs. St. Lawrence, Miss Jeanne Welsh, Mr. and Mrs. H. Paton, Mrs. Topp and Mrs. Phoenix. Mr. Andersen introduced the Edmonton Group.

Following the evening performance was the crowning of the Queen. Of the three lovely young ladies who had been chosen as candidates Miss Verna McDonald was chosen Queen of the 1960 Ice Carnival. She was crowned by last years Queen, Miss Sharon Wood.

A Scout then drew the lucky tickets and the big show was over for another year, with everyone feeling the event had been highly successful from an entertainment standpoint.

SKINDIVERS

A marked increase in attendence was noticed at the last Skindivers meeting held Feb. 9, 1960.

The majority of the increase was in the Junior class.

Theoretical instruction of the Junior and Senior group will begin next Tuesday, Feb. 16, 1960.

All persons desirous of becoming members should take notice of the following:

A. Persons requiring parents of guardians consent should supply a letter to this effect at the earliest possible date.

B. A complete medical report is required before entering the water.

C. Only persons with complete "approved" Self Contained Under Water Breathing Apparatus Diving gear will be considered members of the Group. Persons with incomplete Diving equipment shall be considered as applicants only.

Until further notice meetings will be held each Tuesday at Curt's Studio. Junior from 8 p.m. - 9 p.m., Seniors from 9 p.m. - 10:30 p.m.

OIL WIVES' MEETING —

The Oil Wives' Club held their regular meeting on February 8th at the Community Hall with approximately 135 members present. Guest speaker for the evening, Mr. Al Oeming, naturalist, was introduced by program committee chairman, Lil Rose. After a short address citing some very vivid experiences, Mr. Oeming narrated two films taken on his farm east of Edmonton, where he keeps many different types of wild life in their natural habitant. Mr. Oeming had one of his non-human friends, "Percy" the porcupine with him. After the program concluded a very short business meeting" was held. President Danita Boling gave a report on some of the items covered at the International Convention last week. New by-laws were read and the permanent charter was presented. Drayton Valley won the cup for participation in the International Association. Next meeting will be held on March 14th.

Mrs. Shirley Tolchard, Reporter.

DRILLING SALE MARCH 1

A new area in the Pembina A new extension of the Pembina field east, will come up for drilling sale on March 1st when 7,040 acres are put up for preliminary lease. So far there has been no drilling in the township (47-5W5) which is three miles east of the Pembina field, near both the Carnwood and Keystone fields.

At the same drilling lease sale 7,680 acres will be put up for preliminary lease in the west Pembina field (50-9W4 and 50-10W5.

MUNICIPAL POLICE MEET

A meeting of Northern Alberta Municipal Police Officers was held recently in Leduc, on January 29th. A large number of Municipal Police Officers were on hand for the meeting. Drayton Valley was represented by Chief Constable Miles and Constable Chesterman.

Drayton Valley has the honor of having her Police Chief elected as president of the Northern Alberta Provincial Police Officers Association.

Next meeting of the Police Officers will be held in Rocky Mountain House in the near future.

A meeting of the group had been held in Stony Plain last fall.

LEGION MEETING

The slate of officers for 1960 were elected recently for the Drayton Valley Legion. Honorary president is John MacKenzie. President is Bill Davies, 1st. Vice-President is Ken Wardlow, 2nd. Vice-President is Art Smith and 3rd. Vice-President is E. Whitlam. Secretary is Tom McManus, with Chris Frank as Treasurer. Sergeant-at-Arms is Bill Nordquist

Next meeting will be on February 17th; the new officers will be installed at that time.

"My car is one of the latest out, you know."

"Yes, I've heard most of the neighbors complaining about the time you come home at night."

Juvenal (65-140 A.D.) said:
"A SOUND MIND IN A SOUND BODY IS TO BE PRAYED FOR"

In ancient days a sound body was truly a blessing for then known medicines gave very little help. Plagues would overnight decimate or wipe out cities. Any surgical operation was a death-defying ordeal.

Physicians can now prescribe effective medicines for which monarchs would have given their kingdoms in grateful payment. Yet these new drugs, many of which cost millions to research and perfect, are a few cents per treatment. They not only save lives, but by lessening sickness-time and requiring fewer visits from physicians, actually save you money.

SPEAKER AT LIONS CLUB MEETING

At the regular meeting of the Lions Club on Tuesday, February 16th. Mr. Jim Mundell, a Sanitary Inspector for the Edson Health Unit was guest speaker. Mr. Mundell gave a very interesting talk on various phases of Canada's fastest growing sport, Skin diving and Scuba diving. He mentioned three requirements for those who wish to go in for the comparatively new sport of Skin and Scuba diving:

1. Some basic swimming ability,
2. Medical checkup; this is not hard to pass but is required for all those who wish to take up Skin or Scuba diving.
3. Next steep, according to Mr. Mundell, is Skin diving. From that one would graduate to Scuba diving. "Scuba" is an abbreviation for "Self-contained Under water Breathing Apparatus". In Scuba diving the diver takes a tank of compressed air and is able to go to much greater depths than in regular skin diving. He said that two types of diving suit are available for skin-diving; a "dry" suit, in which the cuffs fit tightly around the wrists and the neck of the suit fits tightly also to prevent water from getting in, the "wet" suit allows water to enter in between the skin and the suit and then holds it entrapped so that the water will be heated to body heat and then will act as insulation against cold water, and cut down the loss of body heat.

Some of the equipment used in both skin-diving and Scuba diving were introduced at the meeting; equipment such as mask, weight belt, compressed air units, different types of diving suits, etc.

Mr. Mundell explained that the three basic requirements for skin diving are mask, snorkel and flippers. The snorkel is used primarily to lay face-down on top of the water and to breathe through the eighteen inch "snorkel" (breathing tube) with the mask adjusted on the divers face, while they watch what goes on below the water. When something of interest develops below the water they can then dive down to investigate. The mask completely covers the eyes and nose. The speaker said that some people have the idea that a snorkel is a breathing tube with which the diver can go below the surface and still breath the surface air. "However," said Mr. Mundell, "we humans are used to the air pressure of the surface of the earth, which is 14.7 lbs. per square inch on the body surface, and when we go below the water the water pressure on our lungs is so great that we are unable to pump our lungs hard enough to draw air for more than about eighteen inches from the surface of the water."

For that reason, if one is going down to a considerable depth for any length of time, it becomes necessary to take down a cylinder of compressed air strapped to the swimmer's back, which enables him to stay underwater for much longer periods than he normally could.

Mr. Mundell mentioned that a requirement for all skin and scuba divers is a float on top of the water, from which the diver would descend, and also the "buddy" system, by which divers would always operate in pairs under the water. Then in case of trouble one could help the other. The speaker mentioned that although only organized for a month, Drayton Valley already has the second largest Skin and Scuba Diving Club in Alberta. Largest is the Calgary Club.

Following the address to the Lions Club meeting Mr. Mundell and several Lions members who are members of the Skin diving and Scuba Club left to attend a meeting in Curt's Sutdio.

In the business meeting which was conducted by Lion President Don McKenzie, following the address by the speaker of the evening, it was announced that a Rodeo dates have been set for July 29th and 30th. Further discussion will be made on the Rodeo at the Directors meeting at 7:30 Tuesday evening, February 23rd, which will be held in the office of Perforating Guns of Canada. It is hoped to finalize most plans for the Rodeo at that time so it is hoped that as many Lions members as possible will turn out to the meeting.

The Lions Club are putting on two Bonspiels in the Curling Rink, the first a Mixed 'spiel on February 28th and then there will be an Open Bonspiel on March 27th. In the Open Bonspiel an invitation will be extended to other Lions Clubs to come here to curl.

FIRES FOR JANUARY

#1 B. Johnson, January 1st. oven heated oil heater--$1,400.00.
#2 Baldwin and Knoll, 4th oil heater--$500.00.
#3 Pembina Parkway, 5th overheated oil heater--$10.00.
#4 Chief Wire Line, 16th gasoline furnes--$1,260.00.
#5 Van Diorp, 19th electric pipe heater.--$10.00.
#6 L. Corruthers, 25th, children with matches--$450.00.
#7 F. Morrill, 26th, heater flue---$3,000.00.
#8 Dave Reid, 28th, broken gas line--$150.00.

#6 occured at Violet Grove.

In fine No. 7 three small children were lost.

Don Greiner, Fire Chief.

R.C.M.P. ARRESTS GAS THIEVES

Two men appeared in Drayton Valley Police Court on Tuesday, February 16th, before Magistrate Clendening charged with breaking and entering, attempted theft and theft. The charges arose from the breaking and entering of the Cantex Service Station and Warehouse at Campion Corner, on Saturday night, February 13th. R.C.M.P. constables of the Drayton Valley detachment caught a couple of men red-handed as they were stealing gasoline from a construction company yard just outside of Drayton Valley. When they began to investigate the records of the two men whom they had apprehended for stealing gas the officer discovered the cache of goods stolen from the Cantex Service Station break-in and the men were arraigned in court on the more serious charges as well as the charges of stealing gasoline. Both men were remanded for one week for sentencing.

A day or so later, two other men were caught by Constables Wilson and Patzwald at the same construction company yard as they were syphoning gas from trucks. Both men were brought into court on the following day, February 17th, and appeared before Magistrate Deby. Charged with stealing gas the men pleaded guilty and were given the opportunity to pay their fines by the week-end. In the case of failure to pay the fines both were sentenced to twenty days in jail.

TOWN PLANNING FILM

A film which depicts the development and planning of new towns is to be shown in the School Auditorium on the evening of March 10th by the Town and Rural Planning Commission of the Department of Municipal Affairs. Primarily the film is to be shown for members of the Pembina Planning Commission.

Admission will be by admission tickets, but interested persons are invited to attend.

District Personalities

Photo by Curt's Studio

Mr. Robert Milton O'Dell

This week's Personality lists one of the many young married workers of Drayton Valley district. One of the many with a trade and who work hard at it to make their living.

Robert Milton "Milt" O'Dell, was born in Kenaston, Saskatchewan where he lived on the farm until he was eighteen. He started in oilfield work in 1949 at Redwater, with Sparling-Davis. The next year he went to Devon with Hupp-Elliott. He wrote his ticket for 1st Class Journeyman Welder in Edmonton. He went with Flint Rig as welder to Swift Current, Saskatchewan for a while, just long enough to meet and eventually to marry Miss Gertrude Brown, of Swift Current. Before coming to Drayton Valley Milt worked for a while at the Celanese plant in Edmonton and for a while with Lewis Welding in Kindersley, Saskatchewan.

He came to Drayton Valley in 1954 and has been here ever since He owns a portable welding unit and sub-contracts under Mannix Ltd.

Mr. and Mrs. O'Dell have two children, both girls, aged 4 years and one and one half years. They live at the Mannix Camp about a mile for Drayton Valley.

HARDWARE CHANGES HANDS

Lorne Stevenson took over full interest in the former Drayton Hardware on February 1st. The hardware will now be known as Stevenson's Hardware. Former owner was Mr. Dave Chow, of Pembina Gardens Restaurant.

Mr Stevenson came to Drayton Valley from Roblin, Manitoba where he was in the hardware business. He was raised near Neabitt, Manitoba. Mr. and Mrs. Stevenson have one child.

TOASTMISTRESS CLUB

There were 24 members present at the Pembina Toastmistress Club meeting, held on Tuesday 9th. February at the home of Mrs. Danita Boling. Mrs. Joan Cunnin presided, with Mrs. Boling acting as Programme Mistress for the evening. The programme consisted of one 5 minute talk and 4 three minute talks. The first speaker was Shirley Tolchard, who spoke on "Romance", followed by Marion McKenzie with a topical subject "Valentines Day and its Symbols". Isobel McKay spoke on "Woman's Intuition"; Peg Williamson told us "The Truth about a Woman's Handbag" and Joan Cunnin Humourously diagnosed and prescribed for "Love".

The next meeting will be held in the Hotel Dining Room on Wednesday 24th February at 8:30 p.m. If there are any ladies interested in the Pembina Toastmistress Club please phone Joan Gray, Drayton Valley 240, for further information.

PROVINCIAL P. C. ASSOC. CONVENTION

On February 26th and 27th the Annual Provincial Meeting of the Progresive-Conservative Association will be held in the MacDonald Hotel in Edmonton. The meetings will start at 9:00 on Friday morning and will continue during Friday and Saturday, ending with a banquet on Saturday evening followed by a public meeting at which the guest speaker will be Senator S. Thorvaldson, National President of the Progressive-Conservative Association.

Should anyone wish to attend the meetings from this area they may contact A. Playford, Drayton Valley Zone chairman, for arrangements for a ride into the city.

ROTARIANS HOST TO SCOUT LEADERS

Drayton Valley Rotary Club, the sponsoring body of the Drayton Valley Boy Scout Association, played host at a dinner meeting in the Cardium Room on Wednesday, February 10th for about twenty Scout Committee members and Scout leaders. Guest speaker for the occasion was Mr. H. B. Holloway, Scout Commissioner for Northern Alberta Boy Scout Association. Past President Harry Zolmer chaired the meeting in the absence of President Howard Pickup who was unable to attend because of illness.

Mr. Holloway spoke on the subject, "The Origin and Development of Scouting in Canada". After the meeting the Scout Committee met with Mr. Holloway to discuss various phases of Scouting activities.

TEA CUP AWARD

TORONTO: The Province of Alberta is one of five winners of National Safe-Tea Cup Awards for traffic safety, it was announced today.

R. Keith Porter, chairman of the Tea Council of Canada, said that Alberta had been chosen the 1959-60 winner in Division A. This includes Provinces across Canada.

Award winners in the other four divisions are:

Division B - cities of 100,000 and over: Windsor, Ontario.

Division C - cities of 50,000 - 100,000: Hull, Quebec.

Division D - cities of 25,000 - 50,000: Shawinigan, Quebec.

Division E - cities of 10,000 - 25,000: Dundas, Ontario.

Being presented this year for the first time, the awards are given to municipal police officers and provincial safety officials for outstanding records in traffic safety over the Christmas and New Year's holiday periods. They form part of the Council's annual "If you drive, drink tea" safe driving campaign.

"The fact that of all the entries in Division A your accident record for the period December 15th to January 4th was judged the best reflects great credit on you personally, on your associates in the Department of Highways, and on the citizens of Alberta," Mr. Porter said in a letter to D.D. Kachinski, traffic safety engineer of The Alberta Department of Highways.

"Please accept our sincere congratulations on an outstanding effort in the cause of traffic safety."

Presentation of the trophy is expected to be made later in February. Each winner also has the privilege of naming a charity or cause to which the Tea Council will present its cheque for $25.

Letter To the Editor :-

Dear Sir:

It is good news to learn the Chamber of Commerce is to be active in this matter of fires; can we hope that their committee will be enlarged to become a Committee of Citizens?

My recent letter has come in for some private criticism in that produces no practical suggestions. All right, here are a few practical suggestions for your consideration:

1. The provision of domestic fire extinguishers in every home, office, factory and trailer.
2. Failing this, a bucket of sand or earth, to be continually available.
3. Electrical wiring etc. to be inspected regularly.
4. Chimneys to be cleaned regularly.
5. Emergency exits from houses and trailers(very important).

Attempted compulsory regulation would, I think, defeat its own ends; these measures could only be done by a co-operative effort, and would be expensive--would it be possible to form a Central Fund? from which equipment could be sold at whole sale rates.

This was done in similar conditions in another country; the larger employers of labour, the people and (very important) the Fire Insurance Companies all contributed handsomely and the latter found that their fire claims were very considerably reduced (up to 60%).

I am,
Yours faithfully,
Concerned.

OUR VISIT TO SWAN HILLS

Just to keep abreast of the times we recently took a flying trip to Swan Hills. Pilot for the trip was Alan Déby, with his groundborne Volkswagen. We came in for a perfectly safe four-wheel landing both in Swan Hills and upon our arrival back in Drayton Valley.

Many people wonder about the road to Swan Hills. Well, from Fort Assiniboine on the west side of the Athabaska River to Swan Hills (either new location or present location) is some 56 miles. Of this about 30 miles is over a broad, well-laid out fine highway, which our Highways Department, under the

An Easterner was driving with a rancher across a blistering hot stretch of Texas. Suddenly a bird the like of which he had never seen before scurried in front of the auto.

"What kind of bird is that?" he asked.

"Bird of Paradise," replied the rancher.

The Easterner rode in silence a few bumps.

"Long way from home, ain't he?"

☆

Caller: "Won't you walk as far as the street car with me, Tom-Tommy: "No, I can't."
Caller: "Why not?"
Tommy: "Because we're going to eat dinner soon's you're gone."

☆

An elderly woman was escorting two little girls around the zoo. While they were looking at the stork, she told them the legend of the ungainly bird--how it was instrumental in bringing them to their mamas.

The children looked at each other with sly glances, and presently one whispered to the other: "Don't you think we ought to tell the dear old thing the truth?"

"Now, anyone else on the board oppose using the Want Ads?"

REPORT FROM LEGISLATURE

By: Mrs. Cornelia R. Wood, M.L.A.

With traditional pomp, color and pageantry, the First Session of the Fourteenth Legislature was opened last week. It was a new Session with a new Lieutenant-Governor, dressed in his gold-braided suit, white plumed hat and Court-sword at his side, delivering his First Speech from the Throne.

His Honor J. Percy Page, after entering the Assembly Room and taking his place on the Throne, announced, throught the Provincial Secretary Hon. R. A. Patrick that a Speaker of the Assembly must be chosen according to law. He then retired with his retinue of guards.

Hon. Peter Dawson, Member for Little Bow Constituency was duly named and declared Speaker of the Assembly. After the traditional struggle, he was finally subdued and escorted out of the Assembly by Premier Manning and Hon. A. J. Hooke. He donned his robe and tricorn hate and re-entered. Standing on the step of the step of the dais, Speaker Dawson thanked the Assembly for the honor conferred upon him This is the seventh consecutive Legislature that he has presided over and thus he holds the distinction of holding the position for the longest time as an active Speaker in the whole British Commonwealth--23 years.

His Honor Lieutenant-Governor J. Percy Page then re-entered the Assembly and in a strong clear voice read the Speech From The Throne, some of the highlights being:

1. Appropriation for the Provinces share of the Assistance Program for those farmers whose crops could not be harvested.
2. Extension of Veterinarian Services and provision made for the operation of additional Service Boards.
3. Amendments to the Teachers' Retirement Fund Act and a new Act providing certain benefits for persons commencing teaching in Alberta after the age of fifty.
4. Amendments to the School Act and Students' Assistance Act and increased appropriation for school grants.
5. Appropriations for Hospital insurance and ammendments to the Health Unit Act provided for.
6. A new Dental Auxiliaries Act providing for the training of personnel to staff mobile Dental Clinics for rural Alberta areas.
7. Increased Highway construction program provided for as well as additional construction of public buildings.
8. Appropriations provided for the paving of streets and/or concrete sidewalk construction and for recreational grants under the Five-Year Development plan.
9. A new Act dealing with Industrial Assessment and Taxation and proceeds to be distributed to affected municipalities.
10. A new Act Repealing the Public Utilities Act and two new statutes proposed dealing with general powers of the Board of Public Utilities Commissioners and one with powers of the Board in the regulation of the gas industry in the province.
11. Committees will be set up to start work on redistributing Legislature seats and reviewing the Workmen's Compensation Act.
12. Close study will be made of the Report of the Royal Commission on Education.

Friday afternoon the debate on the Reply to the Speech from the Throne was led off by William Ure M.L.A. for Red Deer. In well chosen words he praised his constituency and congratulated the government on its handling of the problems of agriculture in these trying times.

Mrs. Ethel Wilson, M.L.A. for Edmonton North, in seconding the Reply, praised the Industrial Tax Plan and the record of the Government in its peaceful labor-management relations.

Ernest R. Watkins (P.C. Member for Calgary) moved adjournment of the debate and will lead off the opposition attack on Monday. Premier Manning, speaking on the Opposition situation in the Legislature, introduced a motion giving them an extension of the 40 minutes limit on speeches and also suggested that the $2500 special allowance paid to the Opposition Leader, be divided equally among the members. All opposition Members signified agreement and the one who moved the debate had no special claim to the Opposition Leadership.

A NEW GENERAL MOTORS CAR

Newest car on the market is the Envoy, built for General Motors Products of Canada, Limited by Vauxhall Motors Limited, Luton, Eng. The Envoy has a four-cylinder engine and a 98-inch wheelbase, and features luxury interiors and a wide range of exterior colors. This car will be available in four series: Standard, Special, Custom and Sherwood Station Wagon, and will be sold only in Canada.

OSHAWA--General Motors of Canada, Limited, today introduced a new British car designed and built expecially for Canadians.

Called the Envoy, it has a four-cylinder engine and a 98-inch wheelbase, and will be available in four series:

Envoy Standard, Envoy Special, Envoy Custom, all in four-door sedan models, and Sherwood, a five-passenger station wagon.

The new car is to be manufactured for General Motors Products of Canada, Limited by Vauxhall Motors Limited, Luton, England, and will be sold only in Canada. Parts and servicing will be available coast-to-coast.

The Envoy will offer an unusually wide range of color combinations and luxurious interior treatments.

There will be pile carpets on the floor of some models and rubber floor mats on others. Upholstery is of soft durable leather and vynide or combinations of nylon cloth and vynide. The front and rear seats in some models have foam padding and the floor carpets have thick underlays of felt and foam.

The Envoy's striking grille and front hood give it a characteristic long, low look. The grill has a series of horizontal bright metal bars topped on each side by wide turn-signal and parking lights. The front hood emblem is a thin, bright metal line surrounded by a metal oval which extends nearly to the headlights.

The side trim treatment, which marks the Envoy instantly recognizable, further emphasized the long, low look.

The long, low look treatment has been carried to the rear end too. Big tail lights are set at the bottom of the rear fenders, and on the trunk lid is a long horizontal trim bar.

The Envoy has a panoramic wind shield and a wrap-around rear window. The overhead valve engine has a compression ratio of 7.8 to one, and develops 55h.p.

Food for thought ....

By: Danita Boling.

Recently on our downtown street I heard one lady say to another, very graciously, "Why don't you drop in to see me sometime and we'll have a cup of coffee?" The other lady replied, "I would be glad to, but you have no children so what would we talk about?"--- It has always been my idea that it is a sad mistake for a woman to lose all contact with other things of interest when she is raising her family and it is also a bit cruel to those who do not have children to act as if there is no place in the world for them. But that is neither here nor there as the conversation, I heard, merely reminded me of an article I have that struck me as very funny and I'll quote from it, in part. Just to make the childless couples feel a bit better. The following was written by a father and he certainly hadn't lost his sense of humor. Quote.

"There's nothing sadder than the childless couple? It breaks you up to see them stretched out relaxing around swimming pools in Florida, sitting all suntanned and miserable on the decks of their boats or going off to Europe like lonesome fools. There's nothing but more money to spend, more time to enjoy and a whole lot less to worry about. The poor childless couple go along in their dull way doing what they want, getting what they want and liking each other. Its a pretty pathetic picture! Everyone should have children. No one should be allowed to miss the wonderful experiences attached to each stage of the development of the young. The happy memories of the baby days; the alert nights, coughing spells, dolls, diaper deliveries, dipso baby sitters, saturated mattresses, spilled food, tantrums, emergencies and all the good fun of doing without things for the children's sake. Then comes the real fulfillment as the children grow like little acorns and become real nuts. The wonder of watching your overweight ballerina of 12 make a fool of herself in a leotard. The warm smile of the small lad with the sun glistening on 500 bucks worth of metal braces ruined on peanut brittle.

How dismally vacant is the peaceful home without the tender, thoughtful dicussions when report cards reveal the prodigy to be one step below halfwit. That feeling of reward the first time you took the boy hunting. He didn't mean to shoot you in the leg. Remember how he cried--- how disappointed he was that you weren't a deer? These are the times with a growing son that a man treasures as he limps his way through the rest of his life. The childless couple lives in a vacuum, filling their lonely days with golf, vacation trips, dinner dates, civic affairs, tranquility, leisure and money. No little feet about the house to grind potato chips into the new carpeting, no budding beautiful daughter to elope with the village idiot and no handsome dashing son to wrap the family car around a lamp post the day the last payment is paid. These childless monsters contribute no additions to the human race. There is a terrifying emptiness without children and the childless couple is too comfortable to know it. You must look at them to see what the years have done. He looks boyish, unlined and restful. She's slim, well groomed and youthful. It isn't natural! If they'd had kids, they'd look like the rest of us--tired, grey, wrinkled, sagging, ---in other words normal."

Now don't all of you jump on me at once and accuse me of not liking children. I'm extravately fond of them(if they are well mannered) but I felt it only fair to come to the defense of that minority persecuted group,- the childless couple. Not only that, I'm feeling sassy and independent enough right now to tell your Editor that I'm not in the mood to include a recipe this week so I'm going to skip it. Go ahead and fire me, Scoop. You'll not be one cent richer and I'll not be a penny poorer!

"Perhaps there are tenderer sweeter things somewhere in this bright land,
But I thank the Lord for His blessings and the clasp of a little hand.

anon.

School Daze

By: Rupert Ibbotson

On Saturday the Drayton Valley High School Curling Club played host to rinks from five neighbouring High Schools in their first annual 'Spiel. Coming in first, after a lot of weary playing, for the Lloyd's Jewellery Trophy, was Ted Campbell's rink from Breton. Raying with Ted were Donna MacDonald, lead; Mel Burkholder, second and Leonard Reganwetter, third. Taking second place in this event was Dalton Heyland's rink from Drayton With Gail Williams, lead; Norma Olberg, second; and Allan Smith as third. Each of the players on Dalton's team received a traveller's alarm.

The Meiers Insurance Trophy for the second event was won by Ron Meier's team from Drayton with Howie Jansen's team taking second place. Members of Howie's team received a desk set each. In all, there were eleven teams from Breton, Lodgepole, Evansburg, Alder Flats, Warburg and Drayton Valley competing in the Bonspiel.

* * *

Club President Wally Mohn wishes to express his appreciation to Mr. and Mrs. Dion who chaperoned last Saturday's Teen Town Dance and to Mobil Oil for the use of their P. A. system. The dance was a real success and all who attended are anxiously awaiting the dance that is going to be held on the 27th. Louise Serenas, Janet La Tosky and Gayle McManus are the young ladies to be credited for the wonderful decoration job on the hall in the Valentine motif.

* * *

Vallee Urchyshyn was crowned the "Queen of Hearts" at the "Sweetheart's Swirl" held last Friday night in the School Gymnasium Louise Serenas, the former "Queen", performed the crowning of Miss Urchyshyn, who represented the Grade Eight Student's Union. Runners-up for the title were: Gloria Woods, Senior High Candidate; Gloria Holder, Grade Nine Candidate; and and Donna Jenkins, Grade Seven Candidate.

Some pretty fast and gricious voting took place during the course of the evening with Clifford Lindskoog and Alvin Hopffe in particular, battling it out to get their favorite girl in. Many-a-boy went home with empty pocketbooks after trying so hard to keep their "Queen" in the lead. It was all good, clean fun however, and a note of thanks is extended from the Editors and staff of the 'Scope to the girls for having been such wonderful sports.

An added enjoyment to the night's program was presented when that wonderful High School group known as the "Satilites" presented a couple of vocal arrangements. One number in particular, known as "Wayne" is rumored to be about one of Evelyn Kynoch's closer friends. I wonder?? Also presenting a great deal of life to the party was that great little accordianist from Grade Nine, Audrey Getzinger.

The members of the 'Scope truly hope that all of you that attended enjoyed yourself and that you'll look forward to future High School dances.

* * *

Until next week then, adios amigos.

BOXING CARD FEB. 25

Gordon Cross, boxing director and trainer had this to say about the boxing card which is coming up on February 25th. "We wish to announce our boxing card in Elks Community Hall, on February 25th, at 8:00 p. m.

Our boys are in top shape from a busy training schedule. We will have boys participating from Edmonton and Edson as well as our own boys. There will be ten bouts. We are also glad to mention that a new member has joined the boxing executive, which is a big help, namely, Dennis Powers.

Many people don't know just how good our boys did in Edmonton last fall when Rufus Combs took Johnnie MacCrandle, who was last year's champ in the 138 pound class, to the cleaners. On the same night our local Ken Watt won an unanimous decision over Harvey Williams, of Edmonton.

REPORT FROM PARLIAMENT HILL

Your MP Reports

Dr Hugh Horner

House of Commons Canada

OTTAWA, Parliament has now finished with the debate on the Speech from the Throne and the first legislation to be brought forward, aside from the farm aid bills which we passed previously, is an extension to the bill providing monies for the Railway Grade Crossing Fund.

As you may be aware, this fund two years ago was increased five times and the contribution asked for from municipalities was cut down to 12 1/2 per cent. At the present time, for these railway grade crossings, the municipality pays 12 1/2%, the railways pay 7 1/2 and the remaining 80% is paid for out of this fund.

Previously, this fund contained only a million dollars and the percentage share was 40 and then 60 per cent by the federal government. The Board of Transport Commissioners, from their investigations, feel that it will take a considerable amount of money to bring all of the crossings in Canada up to reasonable safety levels.

I am sure everyone will agree that this is a worthwhile project and should be continued on. It is my intention to suggest to the government that consideration be given to having the federal government, through the Railway Grade Crossing Fund, accept part of the maintenance of the signal devices which are now in use. The maintenance cost in regard to these devices can sometimes run fairly high and be a continued drag on the municipality involved.

The other legislation which is coming up in the very near future is the amendment to the Indian Act to give to all Indians the right to vote. Here I would assure our Indian friends that as the Prime Minister and the Minister concerned have said, this right to vote is being given to the Indians without any prejudice at all to their treaty rights or their status in this country.

D.V. Highlights

By: Edith Deby

Mr. John Henkel, of Easyford, is a patient in the local hospital.

....

The W.I. held its monthly meeting in Mrs. Hettinger's home on February 15, 1960.

The Girls' Club is making splendid progress. Mrs. Oscar had brought some of the personal cook books for our members to see, and each was an outstanding effort. Mrs. Oscar and Mrs. Nordby are to be congratulated on their very worth while work with these young girls.

About a dozen of our members will visit the legislature on Wednesday. Mrs. Wood M.L.A. has provided tickets for the visitors' gallery.

Mrs. Hettinger is to be the official delegate to the District Conference to be held at the Corona Hotel on March 9th and 10th. Several other members plan to attend also.

The W.I. contributed the one hundred dollars still needed to buy the projector for the school. W.I. will sponsor a half page in The Scope.

Mrs. Wallace Nordby gave an interesting and informative talk on home made mixes. Mrs. Nordby pointed out that, not only are these more economical than commercial mixes, but they may be mixed more nearly to the families tastes e.g. cocoa mixes are likely to be too sweet for the average taste. Mrs. Dion had a "Sound Contest" which was won by Mrs. Jack Frank.

Mrs. Charles Dion was hostess.

When Mrs. Winnifred Stewart, Principal of the School for Retarded Children, comes to Drayton Valley late in March to address our group. It is proposed that the meeting be thrown open to the public.

....

Many people are looking forward to an evening of splendid entertainment on March 26 when the High School Drama Club and The Barbershop Chorus will combine their talents for a concert.

....

Mr. Bocking, District Agriculturist, addressed a well attended meeting in the Farm Union Hall at Pembina on Monday evening.

Mr. Blocking, who spoke on a wide range of subjects interesting particularly to farmers brought several excellent films.

Mr. Bocking introduced Mr. Stan McArthur, the new field supervisor for the district. Mr. McArthur will spend all of his time assisting farmers in the Pembina-Edson District with their problems. His office is in Evansburg.

....

Word was received here yesterday of the passing of Richard John (Dick) Collins in Edmonton on February 13th.

As a youth Dick spent several years on a homestead in the Pembina district. Many of his friends still live in the area.

He is survived by his parents and two brothers and two sisters.

DON'T FORGET

JACKPOT BINGO

Every Wed. Night in the Elks Community Hall at 8:00 p.m.

Sponsored by the B.P.O.E.

Lodgepole Curling Rink

Twenty-six rinks make up the curling group of Lodgepole. President of the Curling Club is Mr. Dennis Martin, Vice-President is Mr. J. Reid. Mr. Bob Elliott is secretary-treasurer, Mr. D. Pratt and Mr. A. Johnson head the membership committee, Ice Committee is Mr. G. Tchir and Mr. J. Reid, Draw Committee is Mr. Elliott and Mr. Claude May.

Several bonspiels have been held since the rink was completed at the end of November.

The trouble with good intentions is that death gets ahead of them.

CHURCH OF GOD NEWS

YOUTH AND CHRISTIAN FELLOWSHIP.....

The Drayton Valley Church of God Youth Fellowship and the Christian Fellowship combined to have a skiing and tobogan party on Thursday February 11th. There were about 25 present. The party was held at the Ski Hill. The evening was warm and perfect for sliding with a full moon to give enough light. After wearing themselves out on the hill, the group gathered around the fire to roast weiners. Following eating, the group sang choruses and ended the perfect evening off by closing in prayer.

HOME MISSION PROJECT...

A Home Mission Project to build a new Church of God building in Edmonton will be held at the Meadow Lark School on Friday, February 19th. Rev. Lawrence Arnold will be speaking on "Church of God Working in Canada." Various slides on the growth of congregations and the construction of new buildings will be shown. Special music will be presented by the different congregations. From the Drayton Valley Church of God there will be a special solo by Mrs. Robert Haynes and the choir will also present a special number in song.

ANGLICAN CHURCH NEWS

On Wednesday, February 3rd, the Evening group of the Anglican W. A. held their second meeting. The meeting began at 8:30 p. m. in the home of Mrs. Athanas. Twelve ladies were in attendance. Rev. A. Swinton took the chair for the election of officiers. The officiers are as follows: Mrs. Cambridge, president, Mrs. Lecky, vice-president, Mrs. Wagner, secretary, Mrs. Disney, treasurer, Mrs. Baxter Dorcas secretary, and Mrs. Wilson, United Thank Offering Secretary.

Following the Election of officiers the fees were set. A catering committee was appointed to act with committee from the Afternoon W. A. The matter of the Annual W. A. which will be held in Edmonton on February 22-24 was discussed. D group will be represented by Mrs. Cambridge. Plans were also made for an executive meeting.

After the business section of the meeting a delicious lunch was served by Mrs. Tyler and Mrs. Baxter the co-hostesses.

The next meeting of the Evening branch of the Anglican W. A. will be held at the home of Mrs. Balash on March 2 at 8:30 p. m.

The Afternoon group of the Anglican W. A. held their meeting in Parish Hall on February 10th. The officiers for this group are Mrs. Davies President, Mrs. Tyler Vice-President, Mrs. Williams Secretary-Treasurer, Mrs. Starling Dorcas Secretary, and Mrs. Lecky Little Helper's Secretary.

The business section of the meeting included reports on the last two catering jobs, the Scott-Davies wedding and the Fellowship dinner for the United Church The group decided to cater to Mens' and Ladies' bonsiels in March. It was decided to purchase some additional silverware and some extra tea towels.

Mrs. Halliday and Mrs. Chambers volunteered to be the delegates to the Annual meeting in Edmonton.

Mrs. Lecky and Mrs. Dunnigon served a delicious lunch. The hostesses for the next meeting to be held on March 9th will be Mrs. Chambers and Mrs. Halliday.

UNITED CHURCH NEWS

Violet Grove Afternoon Group.

The regular monthly meeting of the Violet Grove W. A. was held February 9th at the home of Mrs. Dunnington Sr. There were 12 regular members, with 6 new membes and 1 visitor present.

Mrs. Lunan offered to be the card representative for this group Mrs. Heyland is in charge of flowers and visiting. It was decided that all members should visit at the hospital whenever possible. Mrs. Ethel Hill is the convenor for the Manse, Kitchen and Nursery for this group.

A delicious lunch was served by Mrs. Dunnington and Mrs. Grindy The next meeting will be held March 8th at the home of Mrs. V. Heyland.

Evening Group

The Evening Group of the United Church W. A. held their monthly meeting on Thursday February 11th at the church. There was an election of officers for the coming year.

Convenor: Mrs. Pace; Secretary: Mrs. Steves; Treasurer: Mrs. Adams.

The next meeting will be held March 3rd at the home of Mrs. Argent.

United Church Couple's Club

The Couples Club enjoyed an evening of Whist on February 11, at the church. There were approximately 12 couples present. There will be an evening of entertainment on February 23rd at 8:00 p. m. at the United Church. The program entitled "An Evening of Musical Harmony" will present Mrs. Landiver at the Hammond Organ and a Barber shop Quartette, The Edmontones.

Admission will be by ticket only. Tickets may be purchased early from members of the Couples Club executive. Proceeds from this program will be place in the organ fund.

MINUTE MESSAGE

Text: "But we preach Christ crucified" (I Chorinthians 1:23)

The general trend in ecclesiastical circles today is to consider Christ as a great teacher from whom we can learn the many principles for virtuous living: a safe pattern from which we can copy our lives: a true example of godliness and Christian love that we feel we ought to exemplify in our Christian land. Christ is all of these but more--infinitely more--He is our Saviour.

When we stress Him as teacher, or pattern, or example and forget to stress Him as Saviour we are failing to fulfill the purpose of the Church's existence.

The theme of the Apostle's ministry was "Christ as Saviour;" or "Christ Crucified;" or "Christ of the Cross."

To some the preaching of the Cross is foolishness. To others it is a stumbling block. But some have heard its message as God's speaking in words of love, mercy, forgiveness and cleansing.

Only as we come to the Cross of Christ can we find that cleansing from sin that is essential to our entrance into His kingdom.

The psalmist wrote: "Who shall ascend into the hill of the Lord? or who shall stand in his holy place? He that hath clean hands and a pure heart". (Psalm 24:3, 4)

The requirements have never changed, nor has God had them modified. They can only be met through the Cross of Christ.

"If we are to transform the world we must ourselves be transformed."

.....

"All that I am I owe to Jesus Christ, revealed to me in His divine book." David Livingston.

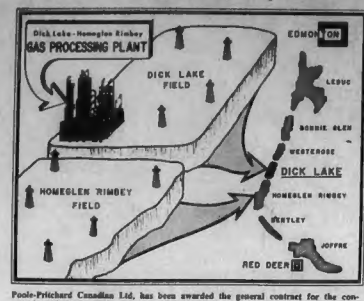
Canada's largest gas plant



Poole-Pritchard Canadian Ltd, has been awarded the general contract for the construction of the largest capacity gas processing plant in Canada. The new plant, scheduled for operation by November, 1960, will cost $12.5 million and is being constructed at the south end of the Dick Lake gas field near the town of Rimbey, 50 miles south of Edmonton (Oil in Canada page 24748). It will process gas from the Dick Lake and Homeglen-Rimbey fields. With combined recoverable reserves of 2.2 MMMMcf of pipe line gas, these two fields could supply the gas requirements of Alberta for 15 years. Operator for a group of 25 owner companies is The British American Oil Company Limited. Survey crews are already at work on the site and an access road is under construction. The producers have negotiated 25-year contracts with Trans-Canada Pipe Lines Limited and Alberta and Southern Gas Co. Ltd.

Reprinted from Oil in Canada, February 15, 1960 issue.

$12.5 MILLION GAS PLANT WILL HAVE LARGEST CAPACITY

CALGARY, FEB. 3---A gas processing plant which will have the largest capacity of any in Canada will soon be taking shape on the Alberta prairie near the town of Rimbey, about 40 miles southwest of Drayton Valley.

The $12.5 million plant, located at the south end of the Dick Lake gas field, will process up to 328 million cubic feet of gas daily from the Dick Lake and adjacent Homeglen Rimbey fields. With combined recoverable reserves of 2.2 trillion cubic feet of pipeline gas, these two fields alone could supply the gas requirements of the province of Alberta for approximately 15 years at the present rate of consumption.

A group of 25 owner-companies, all with production interests in the Dick Lake or Homeglen Rimbey fields, has designated British American Oil as plant operator, responsible for the construction, maintenance and continuing operation.

Survey crews are already at work on the site, and an access road is under construction. General contractors Poole-Pritchard Canadian Ltd. are scheduled to have the plant in operation by November, 1960.

The plant will process up to 200 million cubic feet of raw gas per day from the Dick Lake field and 126 million cubic feet per day from the Homeglen Rimbey field. Based on this throughput daily output of the Rimbey plant would include: 280 million cubic feet of saleable pipeline gas, 68,000 imperial gallons of propane, 98,000 gallons of butane, 9300 barrels of condensate and 233 long tons of sulphur.

The producers have negotiated 25-year contracts with Trans-Canada Pipe Lines Limited and and Alberta and Southern Gas Co. Ltd. for the sale of up to 280 million cubic feet of residue gas daily from the two fields.

Approval for construction of the plant was granted January 20 by the Alberta Oil and Gas Conservation Board.

The California Standard Company and British American Oil together hold approximately 67 per cent interest in the plant.

Other owners include: Shell Oil Company of Canada, Limited; Husky Oil & Refining Ltd.; Phillips Petroleum Company; Imperial Oil Limited; Texaco Exploration Company; Canadian Oil Companies, Limited; Western Decalta Petroleum Limited; Calvan Consolidated Oil & Gas Company Limited; Pacific Petroleums Ltd.; Union Oil and Gas Corporation of Louisiana; Tennessee Gas and Oil Company; Western Leaseholds Ltd.; Dome Petroleum Limited; West Canadian Oil & Gas Limited; Cree Oil of Canada (1958) Limited; Hudson's Bay Oil and Gas Co. Limited; Medallion Petroleums Limited; Amurex Oil Company; Canpet Exploration Ltd.; Murphy-Canada Oil Company; Ashland Oil & Refining Company; Canadian Superior Oil of California Ltd. and Great-West Life Assurance Company.

Letter To the Editor :-

Hey Scoop:

I though before we moved I would drop in and tell you where to send our paper but with having the measels last week I didn't get anything done. It was hard leaving Drayton Valley after living there nearly five years. I guess most of all it was hard as Mother and Dad (McGulgan's) live there. It was hard for them to see their only two grandchildren move. But we will be up to see them about once a month. But this last year Alex was away most of the time. So this year we took to wheels so they say, now we have a trailer they may move the rig back to Drayton Valley (But now we are in it, it's surprise how much room there is.)

It's nice here, we are out on a big farm as there are not sewer as Didsbury has had so many rigs move in the Court is full. So Alex said we would have to do with out sewer so we may as well be on a farm. We get our mail at a mailbox at the gate and the school bus goes by. We have a nice big yard and are close to the well, so I think its nicer for the children. But we will miss good old D.V. even the mud.

The people here sure seem nice and friendly.

We'll see you in D.V. sometime but please send our paper to:

Alex Toth,
%A. Smith,
R.R. 1, Didsbury, Alta.

Thanking you,
Yours truly,
Arlen Toth.

A traveller in the desert came upon a man in a swimming suit.
"Where on earth are you going?" asked the traveller.
"Swimming."
"But you're 300 miles from the sea," said the traveller.
"Yep. Wonderful beach, ain't it?"

VISIT TO SWAN HILLS
(cont. from page 2)

personal supervision of Mr. Taylor himself has laid out. The other 26 miles is a bull-dozed trail, up hill and down dale, with ninety-seven curves to the mile. However the Volkswagen under the expert tuition of Mr. Deby negotiated all the hills and curves very well, and we arrived, first in the town site which will be the new town of Swan Hills. Here we saw the ubiquitous Poole Construction sign and found that the famous construction company had just finished putting in sewer and water for the proposed town site and that the water is right now ready to be turned on.

So far the new town-site has practically no construction in it.

WARNING!

COYOTE CONTROL

To residents of I.D. 77, 78 and 95, poison baits have been set out on the following land locations.

GOBLE, K.-N.E. 35-53-10-W5;
BURKL, L.J.-S.E. 8-52-7-W5;
BAUDIN, L.-S.E. 28-54-15-W5;
CROWN-N.W. 17-54-8-W5;
CROWN-S.W. 22-54-12-W5;
CROWN-S.E. 5-53-15-W5;
CROWN-N.W. 9-54-13-W5;
CROWN-S.W. 2-53-8-W5.

Residents are warned to keep their dogs or other animals at home and away from such baits. These baits have been placed legally and warning posters have been placed on gates entering such fields and near such baits. Tampering with or moving "1080" baits or posters is illegal.

Field Supervisor,
Pembina-Edson Agricultural Service Board.

FOR SALE BY TENDER

Sealed tenders, addressed to the undersigned, will be received up to Five(5) o'clock in the after noon. MST, February 22nd, 1960, for the purchase of a two bedroom residence and lot, legally described as follows:

Lot 19, Block 20, Plan 1758 K.S. N.W. 1/4 of Section 9, Township 49, Range 7, West of the 5th Meridian, within the Townsite of Drayton Valley.

Tender to be submitted on the basis of a "Stipulated Sum", the firm net bid, in cash, for the land and buildings as described above. Inspection can be had by appointment with:- L.F. McKernan, local agent, Northwestern Utilities, Limited, Drayton Valley.

Deposit cheques will be returned to unsuccessful bidders. The owner reserves the right to reject any or all tenders, or to accept the tender most favourable in the interest of the owner.

C.L. Metcalfe, Secretary,
Northwestern Utilities, Limited.

From Scoop's Notebook

Peter Mitterreiner, who was in Mannix office here in Drayton Valley, for some time and who, since he left Dee Vee, has been working in the Mannix Fort Assiniboine office, left for his native Holland as we formerly stated, just after the first of the year. Something we did not state, however, because we didn't know it till recently, was the fact that Peter is getting married soon, (February 25th) to a Hollander school teacher and he and the new Mrs. Mitterreiner expect to be back in Edmonton on February 28th.

....

Klaus Berns, of Ernies Supermarket was home recently for a visit. Klaus is now working in Edmonton.

....

Allen and Bernice Kay were recent visitors to Drayton Valley. Allen is still paralyzed from the accident sixteen months ago when the vehicle he was driving went off the road about eight miles north of town and hit an approach and turned over. In the accident his spinal cord was severed. He is in a wheel chair and stated that the doctors didn't hold much hope that he would ever get much better than he now is.

"Mostly Murder" is the title of the autobiography of a recently published book by Sir Sidney Smith, C.B.E., LL.D., M.D. (Edin.), F.R.C.P.(Edin.), Professor Emeritus of Forensic Medicine, Edinburg University, formerly of the Faculty of Medicine and Rector of Edinburg University, formerly Principal Medico-legal Expert in the Ministry of Justice, Egypt, and Professor of Forensic Medicine in the School of Medicine, Cairo.

Sir Sidney is the father of Mrs. Catherine Waugh, wife of Dr. Ian Waugh of Drayton Valley.

The book is an intrigueing account of Sir Sidney Smith's experiences as Medico-Legal "expert, in England and Egypt, in which he produced testimony in cases, mostly dealing with murder, or suspected murder. It is recommended reading for those whose tastes run slightly above the comic section.

D.V. Hospital Women's Auxiliary

The regular monthly meeting of the Drayton Valley Ladies Hospital Auxiliary was held on February 15th in the Nurses Residence, with a good turn-out present. Bake sales are planned for March 5th and April 9th. If anyone wishes to donate to the Bake Sale your donations will be gratefully accepted.

A request is out for anyone interested to help with the sewing of new garments and the mending of garments at the hospital. Please phone 575.

Some people have the mistaken idea that this organization is for nurses only, but this is NOT so. It is for all women who are interested, So, if you are interested in this organization please come to our next meeting on March 21st.

Mrs. Janet Braniski, Reporter.

TRIP TO SWAN HILLS
(cont.)

Work is well underway on a 150-unit modern trailer court, some trailers are already parked there. A temporary two-room school which looks as if it might accomodate fifty pupils with a little crowding, takes care of, (we were told) some 75 pupils. The only other permanent, or reasonably permanent structures, on the new town site were the buildings that some of Pierre Schlumberger's boys had erected.

However, on a hilltop about five miles from the location of the new townsite is the great conglomeration of companies supplying the oil industry in one capacity or another. It was almost like Old Home Week for a Drayton Valleyite. Here were all the dear old familiar names, Leduc Construction, Dominion Supply, Mid-Continent Supply, Clarkson Construction, Flint Rig, Anderson Oil Transport, Campion Pipe Line, to name but a very few. Apparently almost every construction and oilfield supply company which operates in Drayton Valley operates in the Swan Hills field too.

We saw, (and took pictures of) not one, but two banks to serve the new community. Housed in Skidhouses on wheels were the Bank of Commerce and the Royal Bank of Canada. Apparently, so far at least, there is not too much retail business conducted there as the few small temporary retail outlets, (mens' clothing and grocery stores) would not be able to handle a very large volumn of trade.

When the new town site is completed all the companies and businesses in the present townsite near the first Home Oil camp will have to move to the new town-site. The waitress in Swansees' Cafe did not think they would have to move but obviously, she was just a hireling and others would make the decision. We would say this: it won't be easy for even the Alberta Government to make the companies which are now located in the "old" Swan Hills site move to the "new" site, but we believe it will be done.

The "old" town site is located on a height-of-land with a commanding view. Too bad it could not be kept, however the present site is very evidently too restricted for any large amount of town expansion.

We returned by the "back road" leading south west, also up hill and down dale, with 98 curves per mile for the first fifty miles we finally came to a wide, well constructed highway, which a well-know oil company stated was only for private use and unauthorized persons using same would be prosecuted. However, no one challenged our use of it, and we finally arrived, without incident, on the Alaska Highway about twenty miles north of Whitecourt, and so, home.

DRAYTON VALLEY CONSTRUCTION CO. SOLD

The Drayton Valley operations of Clarkson Construction Company Ltd, were sold recently by Mr. Clarkson. New owner is Bradon Hayes Construction Co. Mr. Clarkson is now operating in construction work in the Swan Hills area. He will continue to operate Clarkson Construction there. Mr. Clarkson also operates a large trailer court in the Swan Hills district.

GROUP DISCUSSES RECREATIONAL GRANT

With over a hundred people present on Thursday evening, February 11th., a meeting was held in Elks Community Hall to obtain viewpoints of various citizens regarding the provincial grant which is being given for recreational purposes to all towns and villages in Alberta. At the grant rate of $10. per person, Drayton Valley, on the basis of the 1959 town census, would entitled to about $35,000.

The purpose of the open meeting was to decide to what use this money could be put to the best advantage form a recreational point of view. Various ideas were put forward, including a swimming pool, both open and enclosed; a large civic centre and a recreational centre. One man thought the money should be spent to build a number of small recreational projects, such as two or three open skating rinks and so on.

Chairman of the meeting was C. D. "Red" Fuhr, Mrs. Boling was secretary. With the many and varying views on how the grant should be spent stated by different ones present, it was evident that no decision could be reached in one session and another was called for March 24th.

Evansburg Fire Destroys Home

A fire in Evansburg on February 28 destroyed the home and all possessions of Mr. and Mrs. Al Baxter and their seven children. No one was hurt, however. Mr. Baxter is employed with Dowell of Canada, Ltd. in Evansburg.

Dowell has supplied the another mobile home unit and people from Evansburg, Whitecourt, Entwistle and Drayton Valley have helped out the unfortunate family.

Should anyone here wish to contribute further they may get in touch with Mr. Harold Blanchard, C.N. station agent in Evansburg.

Mr. SCHMIDT BURIED

Funeral services for Lawrence Carl Schmidt, of Violet Grove, were held from Emmanu Lutheran Church in Drayton Valley on Tuesday afternoon February 23. Conducting the funeral service was Reverend Raduenz, now of Mellowdale, Alberta, formerly pastor of the Lutheran Church in Tomahawk. Interment was in Drayton Valley Cemetery. Pall-bearers were Trueman Fry, Les Herndon, Len Martin, George Durham, Maynard Allen and Pete Gregerson.

GIRLS' CURLING CLUB

A newly-formed, local, teenage girls curling team motored to Edmonton over the week-end to participate in the first Northern Alberta Girls' Curling Association playdowns held in the Drtick Club. The rink was skipped by Norma Olberg with third, Shirley Sieben, second, May Thomason and lead Isobel Mackenzie.

Altho' this team wasn't formed till after the New Year and had only six practice games, they made a fine showing against teams with a year experience in competition behind them.

In the tough, double knock-out playdowns, sponsored by Trucken Terminal of Edmonton, our local foursome lost a close 9-8 game to Leduc, then took a thrilling, last rock, win over the Balmoral Rink from Edmonton, and lost to Wetaskiwin 9-7 in third and final game. The Wetaskiwin rink then went ahead to the finals but lost out to the McKenzie rink from Edmontons' Crestwood Club.

(cont. page 9. col. 4)

NEW HIGH SCHOOL OPENS

Grades ten, eleven and twelve of Drayton Valley High School moved into their fine new school building a few days ago. Seen in this picture is one of the main halls.

District Personalities

Photo by Curt's Studio

Mrs. Irma Beckley.

This week's Personality deals with a little different phase in the way of District Personalities. Mrs. Beckley is leaving Drayton Valley to make up her home in Edmonton, where her father, sisters, and daughter Irene live. For the past four years she has been at the Hotel desk, and has been described by many as "The Woman with the Million Dollar Smile". People come and go, not only in Drayton Valley, but all over the country now, but sometimes some seem to make a deeper impression on the community than others and such has been the case with "Irma".

She has gone far beyond the normal course of duty in helping out many in the past four years, from her station at the Hotel desk. She has been confidante and a sort of "mother confessor" to many of the boys who pass her desk daily. One man said that she had acted in the capacity of a private secretary for him, still in the line of her regular job, just carrying on the job, beyond its usual call or limitations.

Mrs. Beckley was raised on a farm near Macklin, Saskatchewan, as Irma Irene Atkinson. She received her schooling there also. She was married to Leo Beckley at Paradise Valley, Alta. and they farmed there till they left during the war to go to Victoria. In Victoria Irma worked in a shipyard.

Following the war they returned to Alberta where her husband worked in various parts of the province. While they were living in High Prairie, Mrs. Beckley worked in the Spaulding Hotel there. Later they came to Stony Plain and after being there for three years, came to Drayton Valley in 1954. Mrs. Beckley worked in Lloyd's Jewelry soon after coming to Drayton Valley and went to work at the Hotel desk four years ago.

Mrs. Beckley has four children, Don, Melvin, Irene and Ann. All are married with the exception of Melvin. She has three grandchildren at present.

Irma's father is not well and she would like to be near him, which was part of the reason for her decision to move into Edmonton.

A surprise party was held for Mrs. Beckley in the Cardium Room on Thursday evening, last with a large number of her friends on hand for the occasion.

Presentation of a going-away gift was made at that time, to which Mrs. Beckley expressed her heart-felt thanks. She states that she hates to leave her many friends in Drayton Valley and expects to get back here for a visit quite often.
